Storm Water	\$4.90	\$3.50	+1.40
ERU (Equivalent Resident Unit)	\$19.20	\$16.00	+\$3.20

EXAMPLE BILL

On average, households use about 1,000 gallons per person per month. If you use 4,000 gallons per month your March bill will look like this:

		"2024"	Gallons Used	"2025"	
Service	WATER RES	\$43.28	4000	\$58.42	Base fee + Usage
Service	WATER PLANT FEE	\$9.00		\$9.00	
Service	SEWER RES	\$32.00	4000	38.4	
Service	WATER TESTING FEE 1	\$0.81		\$0.81	
Service	ERU 1	\$16.00		\$19.20	
Service	STORMWATER	\$3.50		\$4.90	
TOTAL:		\$104.59		\$130.73	Difference of +\$26.14 per month

If you irrigate in the summer and your use goes to 15,000 gallons per month, you will see a significant increase in your water bill.

Focus on water conservation, make sure you are aware of your irrigation system, frequency, usage, etc.

		"2024"		"2025"	
Service	WATER RES	\$128.38	15000	\$181.60	Base fee + Usage
Service	WATER PLANT FEE	\$9.00		\$9.00	
Service	SEWER RES	\$32.00	4000	\$38.40	Winter averaging will keep sewer the same
Service	WATER TESTING FEE 1	\$0.81		\$0.81	
Service	ERU 1	\$16.00		\$19.20	
Service	STORMWATER	\$3.50		\$4.90	
TOTAL:		\$189.69		\$253.91	Difference of \$64.22 per month
